Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan. 2010 Addition

Stan Hendrickx, MAD-Faculty, Hasselt, Belgium

Wouter Claes, Royal Museums of Art and History, Brussels, Belgium

The present bibliographical list is a continuation of HENDRICKX, S., *Analytical Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan*. Egyptian Prehistory Monographs 1, Leuven, 1995. Previous additions have been published yearly in *Archéo-Nil* since 1996. The numbering is continued from the original volume and the previous additions. Encyclopaedic works and small notes relating to recent archaeological activities have been treated as separate entries, which of course enlarges the corpus considerably, but proved to be useful with regard to the site register.

Off-prints, lists of publications or other bibliographical information were kindly put at our disposal by: Alain Anselin, Gaëlle Bréand, Marcelo Campagno, Krzysztof Ciałowicz, John Darnell, Pierre de Miroschedji, Xavier Droux, Renée Friedman, Maria Gatto, Achilles Gautier, Gwenola Graff, Rita Hartmann, Ulrich Hartung, Dirk Huyge, Salima Ikram, Mariusz Jucha, Karin Kindermann, Jean-Loïc Le Quellec, Veerle Linseele, Christine Lorre, Elena Marinova, Béatrix Midant-Reynes, Kathryn Piquette, Ilona Regulska, Jacques Reinold, Heiko Riemer, Per Storemyr, Yann Tristant, Donatella Usai, Wim Van Neer, Pierre Vermeersch.

Additions to this bibliography will continue to be published yearly in *Archéo-Nil*. Therefore, it would be most useful if scholars would send their publication lists, off-prints and additions or corrections to the author:
