

Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan. 2005 Addition

Stan Hendrickx

The present bibliographical list is a continuation of HENDRICKX, S., *Analytical Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan*. Egyptian Prehistory Monographs 1, Leuven, 1995. Previous additions have been published in *Archéo-Nil* 6 (1996): 85-121; 7 (1997): 151-168; 8 (1998): 129-147; 9 (1999): 165-183; 10 (2000): 127-152; 11 (2001): 177-200; 12 (2002): 139-152; 13 (2003): 153-169; 14 (2004): 101-125. Contrarily to those additions, this list only consists of publications which appeared between 2000 and 2005. Older publications, previously unknown to me, are not included because a fully revised edition of the entire bibliography is being prepared for publication in 2006. The numbering is continued from the original volume and the previous additions. Encyclopaedic works and small notes relating to recent archaeological activities have been treated as separate entries, which of course enlarges the corpus considerably, but proved to be useful with regard to the site register.

Off-prints, lists of publications or other bibliographical information were kindly put at our disposal by: Branislav Andelkovic, Alain Anselin, Tine Bagh, John Baines, Kathryn Bard, Barbara Barich, Eliot Braun, Marcello Campagno, Josep

Cervello Autuori, Marek Chłodnicki, Krzysztof Cialowicz, Wouter Claes, Günter Dreyer, Eva-Maria Engel, Ahmed Fahmy, Renée Friedman, Maria Gatto, Gwenola Graff, Ulrich Hartung, Thomas Hikade, Matthieu Honegger, Dirk Huyge, Alejandro Jiménez-Serrano, Jochem Kahl, Julius Kaplan, Karin Kindermann, Christiana Köhler, Stefan Kröpelin, Rudolph Kuper, Bernadette Menu, Béatrix Midant-Reynes, Ludwig Morenz, Anna Morini, Claire Newton, Hans-Ake Nordström, Diana Patch, Francesco Raffaele, Heiko Riemer, Stephan Seidlmaier, Noriyuki Shirai, Denys Stocks, Izumi Takamiya, Yann Tristant, Sava Tutundzic, Edwin van den Brink, Wim Van Neer, Philip Van Peer, Joris van Wetering, Pierre Vermeersch, David Wengrow and Sonia Zakrzewski.

Additions to this bibliography will continue to be published yearly in *Archéo-Nil*. Therefore, it would be most useful if scholars would send their publication lists, off-prints and additions or corrections to the author:
