

Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan.

2009 Addition

Stan Hendrickx, Provinciale Hogeschool Limburg (Hasselt, Belgium)

The present bibliographical list is a continuation of HENDRICKX, S., *Analytical Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan*. Egyptian Prehistory Monographs 1, Leuven, 1995. Previous additions have been published in *Archéo-Nil* 6 (1996): 85-121; 7 (1997): 151-168; 8 (1998): 129-147; 9 (1999): 165-183; 10 (2000): 127-152; 11 (2001): 177-200; 12 (2002): 139-152; 13 (2003): 153-169; 14 (2004): 101-125; 15 (2005): 103-126; 16 (2006): 95-107, 18 (2008): 184-200. The numbering is continued from the original volume and the previous additions. Encyclopaedic works and small notes relating to recent archaeological activities have been treated as separate entries, which of course enlarges the corpus considerably, but proved to be useful with regard to the site register.

Off-prints, lists of publications or other bibliographical information were kindly put at our disposal by: Branislav Andelković, Alain Anselin, Nathalie Baduel, Eliot Braun, Nathalie Buchez, Marcelo Campagno, Marek Chłodnicki, Krzysztof Ciałowicz, John Darnell, Xavier Droux, Renée Friedman, Maria Gatto, Gwenola Graff, Ulrich Hartung, Marwa Helmy, Dirk Huyge, Karin Kindermann, Rudolph Kuper, Veerle Linseele, Christine Lorre, Lisa Mawdsley, Béatrix Midant-Reynes, Francesco Raffaele, Ilona Regulski, Heiko Riemer, Noriyuki Shirai, Alice Stevenson, Izumi Takamiya, Yann Tristant, Edwin van den Brink, Wim Van Neer, Pierre Vermeersch. Furthermore, I would like to thank Wouter Claes (librarian at the Royal Museums for Art and History, Brussels) for bringing many publications to my attention.

Additions to this bibliography will continue to be published yearly in *Archéo-Nil*. Therefore, it would be most useful if scholars would send their publication lists, off-prints and additions or corrections to the author:
