

# Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan.

## 2012 Addition

Stan Hendrickx, MAD-Faculty, Hasselt, Belgium

Wouter Claes, Royal Museums of Art and History, Brussels, Belgium

The present bibliographical list is a continuation of HENDRICKX, S., *Analytical Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan*. Egyptian Prehistory Monographs 1, Leuven, 1995. Previous additions have been published yearly in *Archéo-Nil* since 1996. The numbering is continued from the original volume and the previous additions. Encyclopaedic works and small notes relating to recent archaeological activities have been treated as separate entries, which of course enlarges the corpus considerably, but proved to be useful with regard to the site register.

Off-prints, lists of publications or other bibliographical information were kindly put at our disposal by: Branislav Anđelković, Alain Anselin, Tine Bagh, Eliot Braun, Nathalie Buchez, Krzysztof Ciałowicz, John Darnell, Pierre de Miro-schedji, Xavier Droux, Frank Förster, Renée Friedman, Maria Gatto, Achilles Gautier, Brigitte Goede, Gwenola Graff, Rita Hartmann, Ulrich Hartung, Dirk Huyge, Friederike Jesse, Mariusz Jucha, Karin Kindermann, Michał Kobusiewicz, Christiana Köhler, Robert Kuhn, Jean-Loïc Le Quellec, Veerle Linseele, Elena Marinova, Béatrix Midant-Reynes, Vera Müller, Ilona Regulski, Heiko Riemer, Noriyuki Shirai, Per Storemyr, Geoffroy Tassie, Emily Teeter, François Tonic, Yann Tristant, Wim Van Neer and Pierre Vermeersch.

Additions to this bibliography will continue to be published yearly in *Archéo-Nil*. Therefore, it would be most useful if scholars would send their publication lists, off-prints and additions or corrections to the author:
