

Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan 2004 Addition

Stan Hendrickx

The present bibliographical list is a continuation of HENDRICKX, S., *Analytical Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan*. Egyptian Prehistory Monographs 1, Leuven, 1995. Previous additions have been published in *Archéo-Nil* 6 (1996): 85-121; 7 (1997): 151-168; 8 (1998): 129-147; 9 (1999): 165-183; 10 (2000): 127-152; 11 (2001): 177-200; 12 (2002): 139-152; 13 (2003): 153-169. Similar to those additions, the list is divided in two parts. The first consists of publications which appeared between 1999 and 2004, while the second part is made up by older publications which were previously unknown to me. The numbering is continued from the original volume and the previous additions. Encyclopaedic works and small notes relating to recent archaeological activities have been treated as separate entries, which of course enlarges the corpus considerably, but proved to be useful with regard to the site register.

Off-prints, lists of publications or other bibliographical information were kindly put at our disposal by: Branislav Andelkovic, Alain Anselin, Barbara Barich, Eliot Braun, Olaf Bubenzer, Marcello

Campagno, Josep Cervello Autuori, Krzysztof Cialowicz, Günter Dreyer, Charles Ede Ltd., Eva-Maria Engel, Sofia Fonseca, Renée Friedman, Francis Geus, Gwenola Graff, Ulrich Hallier, Ulrich Hartung, Thomas Hikade, Matthieu Honegger, Dirk Huyge, Alejandro Jiménez-Serrano, Jana Jones, Marius Jucha, Jochem Kahl, Rudolph Kuper, Béatrix Midant-Reynes, Claire Newton, Lies Op de Beeck, Diana Patch, Francesco Raffaele, Heiko Riemer, Noriyuki Shirai, Izumi Takamiya, Sava Tutundzic, Edwin van den Brink, Wim Van Neer, Joris van Wetering, Pierre Vermeersch, Silvia Vinci, David Wengrow, Helen Whitehouse.

Additions to this bibliography will continue to be published yearly in *Archéo-Nil*. Therefore, it would be most useful if scholars would send their publication lists, off-prints and additions or corrections to the author:
