

# Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan.

## 2011 Addition

Stan Hendrickx, *MAD-Faculty, Hasselt, Belgium*

Wouter Claes, *Royal Museums of Art and History, Brussels, Belgium*

The present bibliographical list is a continuation of HENDRICKX, S., *Analytical Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan*. Egyptian Prehistory Monographs 1, Leuven, 1995. Previous additions have been published yearly in *Archéo-Nil* since 1996. The numbering is continued from the original volume and the previous additions. Encyclopaedic works and small notes relating to recent archaeological activities have been treated as separate entries, which of course enlarges the corpus considerably, but proved to be useful with regard to the site register.

Off-prints, lists of publications or other bibliographical information were kindly put at our disposal by: Alain Anselin, Eliot Braun, Marcelo Campagno, Krzysztof Ciałowicz, John Darnell, Pierre de Miroschedji, Xavier Droux, Renée Friedman, Maria Gatto, Achilles Gautier, Gwenola Graff, Ulrich Hartung, Dirk Huyge, Salima Ikram, Mariusz Jucha, Karin Kindermann, Christiana Köhler, Jean-Loïc Le Quellec, Veerle Linseele, Béatrix Midant-Reynes, Kathryn Piquette, Francesco Raffaele, Ilona Regulski, Heiko Riemer, Joanne Rowland, Noriyuki Shirai, Alice Stevenson, Geoffrey Tassie, Yann Tristant, Edwin van den Brink, Wim Van Neer and Pierre Vermeersch.

Additions to this bibliography will continue to be published yearly in *Archéo-Nil*. Therefore, it would be most useful if scholars would send their publication lists, off-prints and additions or corrections to the author:
